RE: Status of application

To Whom It May Concern:

Please advise us as to the current status of our patent application. Is it or does it still need to be processed? Any information regarding our application is greatly appreciated. Thank you in advance for any information.

Sincerely,

John Lyons

Date Mailed: 10/16/2003

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

United States Patent Application**20050011805****Kind Code****A1****Lyons, Polly ; et al.****January 20, 2005****Paint touch-up kit****Abstract**

A paint touch-up kit, including a carrier having a right side, left side, front end, back end, bottom and handle, the bottom defining depressions, having a supply area and having a divider; and at least one container having a bottle, a cap, paint and a label, the cap having a flip top and a lip, the at least one bottle being positioned cap down friction fit inside one of the depressions such that the depression precludes the container from tipping over during use and yet allows removal for use and a method of touching up paint, including preparing the surface to be painted; selecting a brush from a carrier; removing a container from the carrier by lifting the cap end of the container out of a depression defined in the carrier; opening the flip top of the cap to access paint; applying the paint; and storing the container and paint contained therein, cap-side down.
